

New Intercooler, CAC to our range

Over the last 12 months, CoolDrive's range of intercooler, charge air coolers, has expanded dramatically due to the increasing number of diesel vehicles that are being sold with turbo chargers fitted. CoolDrive's intercooler, charge air coolers range includes heavy trucks, light commercial, 4WD & passenger vehicles. CoolDrive have developed part numbers to cater for this growing market.

CoolDrive currently stock two types of intercooler, charge air coolers; Tub and Fin OR Plate and Bar. Both come in full cast tanks with an aluminium core OR with a plastic tank and aluminium core.

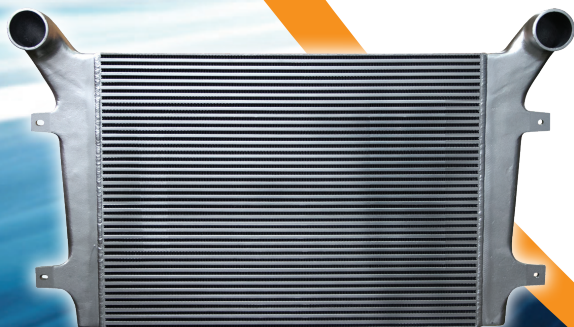

Listed below are just some of the new part numbers CoolDrive are now stocking with more currently on order:
