

**NEW- Iconic Australian automotive brand Aunger has expanded at CoolDrive, with a new range of workshop equipment now available.**

**Part No. TO2000EC**

**Engine Crane Folding  
1250kg**

**FEATURES & EQUIPMENT**

- Heavy duty steel construction with red powder coating for improved corrosion and abrasion resistance
- Extendable boom arm enables easy lifting of 250-1,250 kg
- Folding legs with locking pins for improved safety and space saving when in storage
- Six steel swivel castors for easy mobility on flat workshop or garage surfaces

Australian Owned

» The all-steel build and red powder-coating matches the engine crane. It provides four mounting points to your engine and will balance up to 540kg of motor. Connect the top of this device to your engine crane hook and now you have more control as you perform the lift. Just give the plastic handle a spin to level the engine out as needed.

## Car Stands Ratchet 4000kg

Part No. TO4000CS

### FEATURES & EQUIPMENT

- Ratchet design allows for quick height setting so vehicle isn't suspended on a jack for longer than necessary
- Two tone red and black powder coating protects stands from corrosion and abrasion damage
- Complies with Consumer Goods (Vehicle Support Stands) Safety Standard 2017

**Specifications:**  
Working load limit: 4000kg  
Height lowered: 392mm  
Height raised: 613mm

Finished in gloss red and black powder coating these car stands are resistant to corrosion, abrasion and most shop fluids. Sporting a sturdy ratchet system with fast and fine resolution adjustment to maximize the lifting height of your jack and provide you with a lot of room for activities. To raise simply lift the black shank to the desired height, to lower support the weight of the shank and lift the plastic-coated handle. One pair of stands will support up to 3000kg, suitable for medium to heavy duty vehicles.

## Hydraulic Trolley Jack 1400kg

**Specifications:**  
Working load limit: 1400kg  
Height lowered: 135mm  
Height raised: 340mm

Part No. TO1400TJ

### FEATURES & EQUIPMENT

- Heavy duty red powder coated steel construction with zinc plated fasteners for superb corrosion and abrasion resistance
- Long knurled handle provides a confident grip surface during use
- Black powder coated metal wheels and swivel castors for easy manoeuvrability under vehicles
- Complies with Consumer Goods (Trolley Jacks) Safety Standard 2017

This 1400kg jack features two heavy duty swiveling castors and two fixed wheels for easy maneuverability on hard smooth surfaces and a carry handle to make portability even easier. The knurled handle provides a confident grip and makes lifting your vehicle safe and easy.

## Low Profile Garage Jack 3000kg

Part No. TO3000TJL

### FEATURES & EQUIPMENT

- Heavy duty red and black powder coated steel construction with zinc plated fasteners for superb corrosion and abrasion resistance
- Long knurled 3-piece handle provides a confident grip surface and easy operation
- Low profile design allows easy access under low vehicles
- Black powder coated metal wheels and swivel castors for easy manoeuvrability under vehicles
- Complies with Consumer Goods (Trolley Jacks) Safety Standard 2017

### Specifications:

Working load limit: 3000kg  
Height lowered: 98mm  
Height raised: 508mm

➤ This 3000kg low profile jack features two heavy duty swivelling castors and two fixed wheels for easy manoeuvrability on hard smooth surfaces. The long 3-piece knurled handle provides a confident grip and makes lifting your vehicle safe and easy. Starting at a height of only 112mm this jack is perfect for low vehicles.

## Hydraulic Trolley Jack 2500kg

Specifications:  
Working load limit: 2500kg  
Height lowered: 145mm  
Height raised: 500mm

Part No. TO2500TJ

### FEATURES & EQUIPMENT

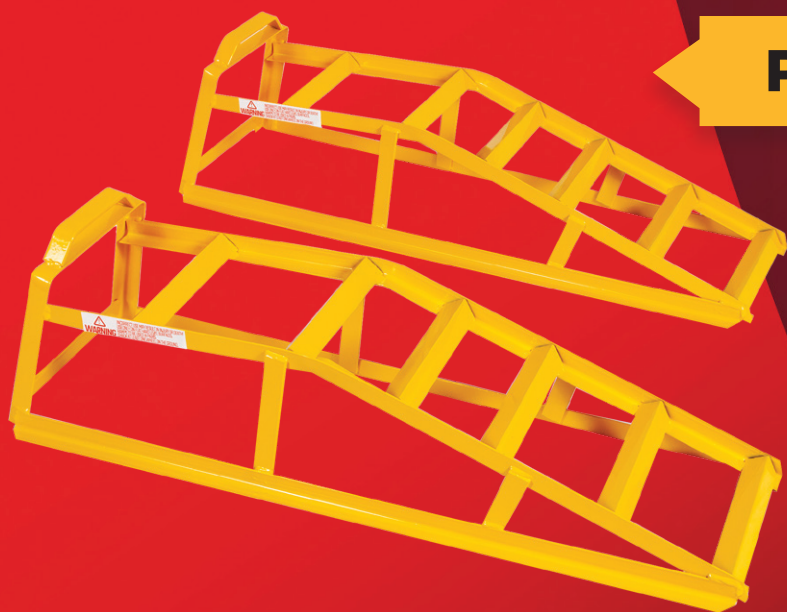

- Heavy duty red powder coated steel construction with zinc plated fasteners for superb corrosion and abrasion resistance
- Long knurled handle provides a confident grip surface during use
- Black powder coated metal wheels and swivel castors for easy manoeuvrability under vehicles
- Complies with Consumer Goods (Trolley Jacks) Safety Standard 2017

This 2500kg jack features two heavy duty swiveling castors and two fixed wheels for easy maneuverability on hard smooth surfaces and a carry handle to make portability even easier. The knurled handle provides a confident grip and makes lifting your vehicle safe and easy.

## Car Ramps 750kg >>>

### Part No. TO750CR

#### FEATURES & EQUIPMENT

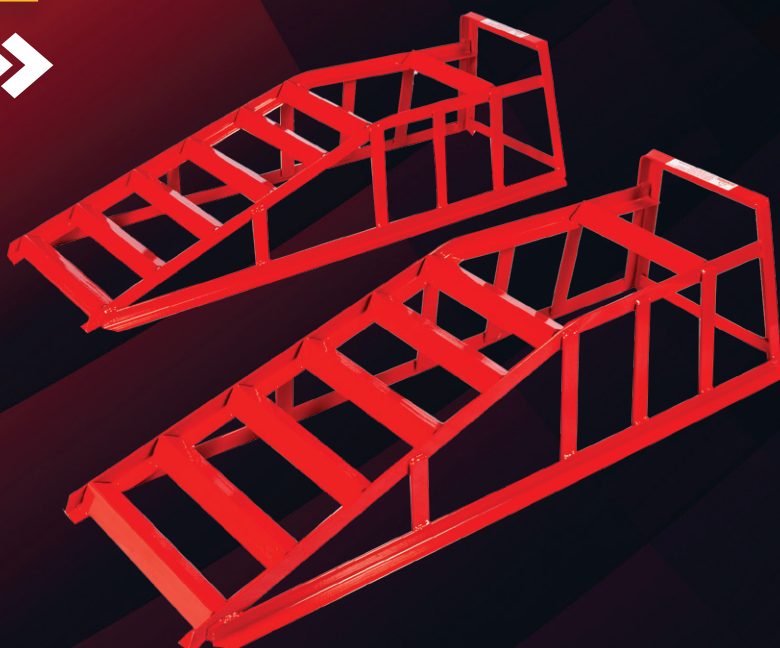

- 750kg load capacity per ramp
- Car Ramp size: 90 x 30 x 25cm
- Maximum tyre dimensions 650 x 200mm width
- Complies with Consumer Goods (Portable Ramps for Vehicles) Safety Standard 2017
- Heavy duty steel construction with high quality powder coating
- Weight 7kg each
- Sold as pair

### Part No. TO1000CR

## Car Ramps 1000kg >>>

#### FEATURES & EQUIPMENT

- 1000kg load capacity per ramp
- Car Ramp size: 113 x 40 x 29cm
- Maximum tyre dimensions 780 x 250mm width
- Complies with Consumer Goods (Portable Ramps for Vehicles) Safety Standard 2017
- Heavy duty steel construction with high quality powder coating
- Weight 14kg each
- Sold as pair
